Dear Grand Masters, Masters, Instructors, Assistant Instructors and Students of Taekwon-Do!

After the successful 96th IIC, ITF-Austria is now honoured to invite you to an official ITF Taekwon-Do Kids Course in Vienna.

The ITF Kids Development Program is the official trainings program for 3-7 year olds. The program reaches the little ones with a proposal that goes far beyond the teaching of an art of defence. It is also an essential contribution to the formation of the child, at a stage in his/her life when their minds and bodies are growing, absorbing information and learning. It's therefore an ideal time to expand their skills and chances of success in future, adult life.

This program aims at stretching the child's horizons, facilitating an early development of values which will help them to succeed in aspects such as organisation, leadership and teamwork.

The course will be conducted by Master Donato Nardizzi VIII.DAN and the official language of instruction will be English.

This kids course will take place in Vienna's 6th district "Mariahilf", March 12th & 13th.

The participation at the course is open to all ITF members with a minimum belt requirement of 2nd Kup.

Participants must wear a track suit and trainers.

Don't miss out on this opportunity of Austrian hospitality. Upgrade your skills and enjoy our great city by extending your visit. We are very happy to assist you or accompanying family with information at our welcome/registration desk.

We are looking forward to seeing you in Vienna,

Elmar Kickingeder
ITF-Austria President
